Mehdi Tarrit Mirakhorli, Ph.D.

Associate Professor of Computer Science
Director of Indo-Pacific Cybersecurity & Software Assurance Laboratory
University of Hawaii at Manoa
https://mehdimirakhorli.github.io/; mehdi23@hawaii.edu

Table of Contents

1. Professional and Administrative Appointments

Associate Professor   2023-Present
Director of Indo-pacific Cybersecurity and Software Assurance
Laboratory
     Information and Computer Sciences
     University of Hawaii at Manoa
     Leading Research, Development and Technology Transition in
     Software, Cybersecurity and Artificial Intelligence.

Program Manager (CTR)   Sept 2022 – Dec 2023
     (In Support of President Biden's Executive Order on Cybersecurity)
     Cybersecurity and Infrastructure Security Agency (CISA)
     U.S. Department of Homeland Security (DHS)

Director of Research   2022-2023
     ESL Global Cybersecurity Institute (GCI)
     Rochester Institute of Technology

Associate Professor of Software Engineering   2020-2023
     Software Engineering & Global Cybersecurity Institute
     Rochester Institute of Technology

Pro Bono Advisor for Social Impact Ventures   2019-Present
     Knowledge Impact Network

Endowed Kodak Chair of Software Engineering   2019-2023
     Rochester Institute of Technology

Founding Director   2014-Present
     Software Design and Productivity Laboratory
     Rochester Institute of Technology

Assistant Professor of Software Engineering   2014-2019
     Software Engineering & Data Science Department
     Director of Software Design and Productivity Laboratory
     Rochester Institute of Technology

Faculty Fellow   May 2017-August 2017
     Air Fore Research Laboratory (AFRL), Rome, NY

Visiting Scientist   June-August 2014
     Software Engineering Institute and Carnegie Mellon University
     4500 Fifth Ave, Pittsburgh, PA 15213

Researcher   2013-2014
     U.S. Department of Homeland Security (DHS)
     Contractor: DePaul University, Chicago, IL, U.S.A
     Project: Security Architecture Protection Layer

Research Assistant   2009-2013

Software and Requirements Engineering Center (SAREC)
School of Computing, DePaul University
Chicago, IL, U.S.A
Advisor: *Prof. Jane Cleland-Huang*

Advisory Board Member, Consultant   2014-Present
Various Industries

Adjunct Teaching Faculty   2007- 2009
Department of Computer Engineering
Iran University of Science and Technology (IUST), Behshahr, Iran

2. Research & Development (R&D) Awards

G21. **Transportation Cybersecurity Center for Advanced Research and Education (CYBER-CARE)**
Enhancing Cybersecurity in Transportation Systems: Software Considerations and Public Perceptions of Risk and Security.
Investigator: Roger Chen (PI), Mehdi Mirakhorli, Anthony Peruma (Co-PI)
Amount: $139K
Duration: 2024-2025

G20. **Cybersecurity and Infrastructure Security Agency (CISA)**
National Vulnerability Intelligence Platform (NVIP), Use of AI to Automated Vulnerability Intelligence
Investigator: Mehdi Mirakhorli (Sole PI)
Amount: $4,840,000
Duration: 2022-2023

G19. **U.S. Department of Homeland Security (DHS)**
Hierarchical Software Quality Assurance, Use of LLMs to Inspect Software Quality
Investigators: Clemente Izurieta (Lead PI at Prime Montana State University), Mehdi Mirakhorli (PI at RIT)
Amount: $4,000,000
Duration: 2022-2025

G18. **CAREER, National Science Foundation (NSF)**
CAREER: Synthesizing Architectural Tactics, Use of advance big-data mining and machine learning techniques to generate code
Investigator: Mehdi Mirakhorli (Sole PI)
Amount: $403,725
Duration: 2020-2025

G17. **National Institutes of Health (NIH), National Institute on Drug Abuse (NIDA)**
A Randomized Controlled Trial of a Digital, Self-Guided, Avatar Assisted - Cognitive Behavioral Therapy Platform to Treat Addiction: Digital RITchCBT vs. Standard CBT
Investigators: Caroline Easton (PI), Linwei Wang (Co-PI), Mehdi Mirakhorli (Co-PI)

Amount: $4,700,000

Duration: 2022-2025

G16. **National Science Foundation (NSF)**
Collaborative Research: EAGER: Towards a Design Methodology for Software-Driven Sustainability and Sustainable Disposal
Investigators: Mehdi Mirakhorli (PI at RIT), Eunsuk Kang (CMU), Pooyan Jamshidi (SC)
Amount: $300,000, CMU/USC, RIT's share $100K.
Duration: 2022-2024

G15. **U.S. Air Force**
CRUISE: Cyber Vulnerability Assessments of System Requirements Specifications (SyRS), Use of Machine Learning for Cyber Vulnerability Analysis.
Investigator: Mehdi Mirakhorli (Sole PI)
Amount: $700,000
Duration: 2019-2021

G14. **Defense Advanced Research Projects Agency (DARPA)**
An Architecture-Centric Verification and Reasoning Approach For Resilient Systems, Use of Machine Learning and Formal Methods to Inspect Embedded systems
Investigator: Mehdi Mirakhorli (Sole PI)
Amount: $619,034
Duration: 2019-2022

G13. **U.S. Department of Homeland Security (DHS)**
National Vulnerability Intelligence Platform (NVIP), Large Scale Web-Mining and AI to Capture Vulnerability Intelligence from the World Wide Web Content.
Investigator: Mehdi Mirakhorli (Sole PI)
Amount: $ 440,294
Duration: 2019-2021

G12. **National Science Foundation (NSF)**
CRI: CI-NEW: Collaborative Research: Constructing a Community-Wide Software Architecture Infrastructure
Sole PI at RIT; Sam Malek (PI at UCI), Joshua Garcia (Co-PI at UCI), Nenad Medvidovic (Lead PI at USC), Rick Kazman (PI at UH), Yuanfang Cai (PI at Drexel), and Lu Xiao (PI at Stevens)
Amount: $1.7M, RIT's share: $374,238
Duration: 2018-2021

G11. **National Science Foundation (NSF)**
SaTC: CORE: Small: Characterizing Architectural Vulnerabilities
Investigator: Mehdi Mirakhorli (Sole PI)
Amount: $439,135
Duration: 2018-2021

G10. **National Science Foundation (NSF)**
REU Site: Cultivating Next Generation Software Engineering Researchers

Investigators: Mehdi Mirakhorli (PI), Mohamed Wiem Mkaouer (co-PI)
Amount: $360,000
Duration: 2017-2020

G9. **U.S. Department of Homeland Security (DHS)**
An Automated Framework for Characterizing Vulnerabilities, Use of AI/ML to characterize textual vulnerability reports.
Investigator: Mehdi Mirakhorli (Sole PI)
Amount: $160,000
Duration: 2016-2018

G8. **U.S. Department of Homeland Security (DHS)**
Common Architecture Weakness Enumerations
Investigator: Mehdi Mirakhorli (Sole PI)
Amount: Phase II: $43,050, Phase I: $24,833), Total: $67,883
Duration: 2016-2017

G7. **National Science Foundation (NSF)**
CRI:CCF: Planning and Prototyping a Future Instrument for Software Architecture Community (CI-P)
Investigator: Mehdi Mirakhorli (Sole PI)
Amount: $30,000
Duration: 2016-2018

G6. **National Science Foundation (NSF)**
SHF: Bringing Design Thinking into Developers' Coding Activities through an Architectural Tactic Recommender System
Investigator: Mehdi Mirakhorli (Sole PI)
Amount: $80,000
Duration: 2015-2017

G5. **U.S. Department of Homeland Security (DHS)**
Archie: Security Architecture Protection Layer
Investigators: Jane Cleland Huang (PI), Mehdi Mirakhorli (Co-PI)
Amount: $30,000
Duration: First six months of 2014

G4. **Eaton Corporation**
Security Risk Assessment of Vendors Providing Chipsets for Cybersecurity Root of Trust
Investigator: Mehdi Mirakhorli (Sole PI)
Amount: $24,630
Duration: 2021-2022.

G3. **Open Technology Funds Corporation**
Red-Team Information Security Services for Open-source Internet Freedom Software
Investigators: Justin Pelletier (PI), Mehdi Mirakhorli (Co-PI)
Amount: Indefinite Delivery, Indefinite Quantity (IDIQ) contract
Duration: 2021-2022

G2. RIT
SMARTSec: a Holistic Framework to Preserve Security Architectures
Investigator: Mehdi Mirakhorli (Sole PI)
Amount: $14,800
Duration 2014-2015

G1. RIT, *Cyber Security Research Center, RIT competitive grants for establishing research centers.*
Investigators: Matthew Wright, Mehdi Mirakhorli
Amount: $2,100,000
Duration 2016-2023

3. Honors, Awards, And Statistics

- **Recipient of $21,148,501** (USD) to develop various software technologies in the areas of national importance.

- **ACM Distinguished Speaker**, 2022

- **Recipient of National Science Foundation (NSF) CAREER Award**, 2020.

- **Recipient of Kodak Endowment,** 2019

- **Best Paper Award,** IEEE International Conference on Software Architecture (ICSA) 2017.

- **ACM SIGSOFT Distinguished Paper Award**, 2012.

- **ACM SIGSOFT Distinguished Paper Award**, 2011.

- **GCCIS Outstanding Scholar Award. (2019).** B. Thomas Golisano College of Computing and Information Sciences (GCCIS), RIT.

- **Featured Faculty in RIT's Faculty Scholarship Report. (2018).** RIT.

- **President's PI Millionaires,** RIT.

- **Named as Most Active Early-Stage Software Engineering Researchers,** in Journal of Software and Systems study of Top Scholars and Institutes in Software Engineering, 2018.

6. International Scientific Services: Leadership Roles

S24.   *Associate Editor for IEEE Transaction on Software Engineering (TSE)*

S23.   *Associate Editor, Empirical Software Engineering Journal (EMSE)*

S22.   *Editorial Board for Journal of Software and System (JSS)*

S21.   *Associate Editor for IEEE Software Blog on Software Architecture and Requirements.*

S20.   *Guest Editor, IEEE Special Issue on TwinPeaks of Requirements and Architecture*

S19.   *Program Co-Chair: Technical Briefings and Tutorials, IEEE International Conference on Software Architecture (ICSA), 2024*

S18.   *Program Chair: 3rd International Workshop on Software Security from Design to Deployment.*

S17.   *Publicity Chair: International Working Conference on Requirements Engineering: Foundation for Software Quality, 2019.*

S16.   *Program Chair: International Workshop on Software Security from Design to Deployment, Co-located with ASE 2019.*

S15.   *Program Co-Chair: The Second International Workshop on Establishing a Community-Wide Infrastructure for Architecture-Based Software Engineering, Co-located with ICSE 2019.*

S14.   *Data Track Chair: International Requirements Engineering Conference (RE), 2017.*

S13.   *Program Chair: International Workshop on Software Security from Design to Deployment, Co-located with ICSE 2018.*

S12.   *Program Co-Chair: The First International Workshop on Establishing a Community-Wide Infrastructure for Architecture-Based Software Engineering, Co-located with ICSE 2017.*

S11.   *Workshops Chair, FSE 2016: ACM SIGSOFT International Symposium on the Foundations of Software Engineering.*

S10.   *General Chair, First International Workshop on Bringing Architecture Design Thinking into Developers' Daily Activities (Bridge'16), 2016.*

S9.   *Program Committee Chair, 5th International Workshop on Twin Peaks of Requirements and Architecture, IEEE International Conference on Software Engineering (ICSE), 2015.*

S8.   *Program Chair: Technical Briefing on Big(ger) Data in Software Engineering, IEEE International Conference on Software Engineering (ICSE), 2015.*

S7.   *Speaker, Software Architecture Reconstruction: Why? What? and How?, 22nd International Conference on Software Analysis, Evolution and Reengineering (SANER), 2015.*

S6. *Co-Organizer, Focused Group on Mining New Patterns, Pattern Languages of Programs (PLoP), 2014.*

S5. *Program Chair: 4th International Workshop on Twin Peaks of Requirements and Architecture, IEEE International Conference on Software Engineering (ICSE), 2014.*

S4. *Program Board Member: 3rd International Workshop on Twin Peaks of Requirements and Architecture, 21st IEEE International Requirements Engineering Conference (RE), 2013.*

S3. *Program Board Member: 2nd International Workshop on Twin Peaks of Requirements and Architecture IEEE International Conference on Software Engineering (ICSE), 2013.*

S2. *Program Chair: 1st International Workshop on Twin Peaks of Requirements and Architecture, 20st IEEE International Requirements Engineering Conference (RE'12), 2012.*

S1. *Student Volunteer Chair, 20th IEEE International Requirements Engineering Conference, September 24th-28th, 2012.*

7. International Scientific Services: Program Committees

S37. *International Requirements Engineering Conference (RE), 2025.*

S8. *Tenure-Track Hiring Committee Member, Rochester Institute of Technology, 2016.*

S7. *Tenure-Track Hiring Committee Member, Rochester Institute of Technology, 2015.*

S6. *Graduate Admission Committee Member, Rochester Institute of Technology, 2014-2016.*

S5. *ABET Accreditation Committee, Software Engineering Department, Rochester Institute of Technology, 2015.*

S4. *Lecturer Hiring Committee Member, Rochester Institute of Technology, 2015.*

S3. *Reviewer for College-Wide Seed Grants, Rochester Institute of Technology, 2014.*

S2. *CO-OP Advisor, Rochester Institute of Technology, 2014-Present.*

S1.   *Open Houses, Rochester Institute of Technology, 2014-Present.*

10.   Research Advisees

Full-Time Research Staff:
- Dr. Selma Suloglu
- Dr. Igor Khokhlov
- Dr. Nestor Catano
- Dr. Ahmet Okutan
- Dr. Sara Moshtari
- Estey Gerstner
- Ibrahim Mujhid
- Chris Enoch
- Matthew Moon
- Tyler Drake
- Ping Liu

Current Ph.D. Students
- Derek Garcia (2024-Present), AI & Cybersecurity
- Mohamad Fazelnia (2020-Present), AI & Cybersecurity
- Viktoria Koscinski (2020-Present), Software Security

Former Ph.D. Students
- Sarah Moshtari, Postdoctoral Researcher, University of Hawaii, 2023.
- Ali Shokri, Postdoctoral Researcher, Virginia Tech, 2023.
- Joanna Cecilia Santos, 2021, Assistant Professor, **University of Notre Dame**, U.S. News Ranke 20.
- Danielle Gonzalez, 2021, **Recipient of Microsoft Research Fellowship, Security Researcher at Microsoft.**
- Waleed Zogaan, 2019, Assistant Professor, Jazan University

Visiting Ph.D. Students
- Gaston Marquez, (2018-Present), Federico Santa Maria Technical University, Chile
- Keim, Jan, (2019-Present), Karlsruhe Institute of Technology (KIT), Germany
- Andréa Cristina de Souza Doreste (2019-Present), Universidade Federal do Rio de Janeiro, Brazil
- Michael Rath (2019-Present), Technische Universität Ilmenau, Germany

Committee Member
- Harold Valdivia Garcia, Ph.D., RIT, 2016
- Bushra Aloraini, Ph.D., RIT. 2017
- Eman Abdullah Alomar, RIT, 2019
- Hussein Al-Rubaye, Ph.D., RIT, 2020

- Katja Tuma, Gothenburg University, Sweden, 2021

75. Andrew Pickard
76. Matthew Thornton
77. Viral Parmar

11. Teaching Experience and Curriculum Design

Curricular Development at University of Hawaii:
- Advanced Software Engineering, Fall 2023.
- Capstones, Spring 2024

Curricular Development at Rochester Institute of Technology:
- Software Modeling (RIT), Fall 2014.
- Software Requirements and Architecture, Fall 2014, Spring 2016, Spring 2017, Spring 2018.
- Software Architecture and Product line, Fall 2015, Fall 2016, Fall 2017, Fall 2018.
- Software Architecture, Fall 2019, Fall 2020.
- Independent Studies, Spring 2015, Fall 2016, Spring 2017, Fall 2017, Spring 2018, Fall 2018.
- Software Engineering for Startups, Spring 2019

As Lecturer at Iran University of Science and Technology (Behshahr Campus):

- Software Engineering Principles, Fall 2008, Fall 2009
- Compiler Construction, Fall 2008, Spring 2009
- Object Oriented Software Development, Fall 2008
- C++ Programming Language, Spring 2008, Spring 2009
- Software Architecture, Spring 2008, Fall 2009
- Advanced Topic in Software Engineering, Spring 2008, Spring 2009

12.   Professional Memberships

- Association for Computing Machinery, ACM
- ACM Special Interest Group in Software Engineering (SIGSOFT)
- Institute of Electrical and
- Electronics Engineers (IEEE)

13.   Education

Ph.D., Computer Science, DePaul University   2009/2014
M.S., Software Engineering, National University   2006-2008
B.S., Software Engineering, Teacher Training University   2002-2006
